Dear Sir or Madam,

We invite you to participate in the **Joint International Paediatric, School and Adolescent Medicine and Health Congress, which will take place between September 24 and 26, 2026, in Portorož**, at the Grand Hotel Bernardin. The congress will bring together experts from Slovenia and Europe who are dedicated to supporting young people on their journey from childhood to adulthood.

This is an exceptional event organized by four leading professional associations in the field of pediatrics, school and adolescent medicine:

- [EUSUHM](#) (European Union for School and University Health and Medicine),
- [IAAH](#) (International Association for Adolescent Health),
- [SSSAM](#) (Section for School, Student and Adolescent Medicine of the Slovenian Medical Association),
- [ZZP](#) (Association for Paediatrics of the Slovenian Medical Association).

Committed to a common goal – improving the health and well-being of children, adolescents, and young adults – we are preparing a rich and topical scientific program. We will address key topics in the field of somatic and mental health, prevention, health promotion, and social factors that influence the development of young people. The congress will also be an excellent opportunity for networking, exchanging experiences, and strengthening mutual cooperation between experts from various fields. Based on past experience, we expect around 300 participants.

We invite you to join us as sponsors of this unique congress. Your sponsorship will enable us to organize this important event to a high standard and contribute to the development of the profession.

Yours sincerely.

Peter Najdenov, dr. med.

President of the Association for Paediatrics of the Slovenian Medical Association

Breda Prunk Franetič, dr. med

President of the Section for School, Student and Adolescent Medicine of the Slovenian Medical Association
